

## Memory Makers

---

We welcome groups and individuals who would like to plan an activity for the children at Texas Boys Ranch.

There are so many options for a Ranch Play Day. You can plan a day of recreational activities, educational experiences, spiritual development, or combine all three! It's completely up to you.

This is a great volunteer opportunity for a group or an individual interested in improving our children's lives with fun activities and experiences.

Our children are so blessed by your donation of time and energy.
